# HOW TO ORDER YOUR **BRANDING**

## The Quick & Easy Steps

When placing your order for your Project EV branding, it is important that you specify which options you would like, whether that be a 1. **Personalisation Badge**, 2. **Logo Covering Badge**, or a 3. **Sticker Decal Transfer**.

For us to be able to create your customized branding we will need to be sent a **high-resolution** copy of the logo/image you wish to have featured on the EV Charging unit. For the best outcome, it is highly suggested you submit your logo/image in **JPEG**, **PNG**, or **PDF** format. A logo with a transparent background is desirable, however, we can work and tailor most artwork to fit within our specifications.

All of our branding options have a **7 Day Lead-Time** as a minimum. This lead time may vary and increase dependant on the quantity of units ordered.

# 7 DAY LEAD-TIME

Project EV will supply a mounting solution for all our branding options, however, you are responsible for attaching your custom branded products to your EV Charging unit.

If you have any questions or queries regarding our branding options, please contact us by emailing at: [enquiries@projectev.co.uk](mailto:enquiries@projectev.co.uk)

# CUSTOMIZE YOUR EV CHARGE POINT

## The Project EV Personalised Badges

NEW bespoke badges available from Project EV.

Project EV are proud to offer **premium quality** acrylic customizable badges. With these badges, our customers can show their support for their favourite sports teams or **represent** their own business logo.

The badges can come in either a round or oval shape, with a sticky-back, allowing **simple** and **easy** mounting for our EV Chargers.
